# CASABLANCA ARBITRATION DAYS

## 2019

### **Investing and Doing Business in Africa: Is Arbitration Contributing to the Revolution?**

Following the success of the previous editions, the Casablanca International Mediation and Arbitration Centre (CIMAC) is delighted to invite you to the upcoming fifth edition of its annual flagship event Casablanca Arbitration Days which will take place at the Kenzi Tower Hotel in Casablanca on December 5, 6, 2019.

The title of this upcoming fifth edition is "Investing and Doing Business in Africa: Is Arbitration Contributing to the Revolution?" The Casablanca Arbitration Days offers an opportunity to engage in topical issues-such as investment protection mechanisms in Africa, the importance of regional economic communities, considerations relating to Chinese investment on the continent, the pros and cons of the proliferation of arbitration institutions and an update on Moroccan arbitration law- with some of the world's leading arbitration experts to provide pertinent insight into Africa's changing and challenging investment landscape.

The Casablanca Finance City and Accuracy are supporting this event.

Due to the limited number of places available, the Organizing Committee encourages you to confirm your interest via the email address below. Simultaneous translation in Arabic, French and English will be provided.

#### **TO REGISTER**

Should you have any queries, or wish to register your interest in the conference, please contact Arnaud Oulepo, at: [arnaud.oulepo@cimac.ma](mailto:arnaud.oulepo@cimac.ma)
